

World Net Change Training Objectives:

If you are considering an upgrade, the symposium will help you,

- * Identify the business value of the upgrade
- * Scope your upgrade project

If you have already upgraded, the symposium will help you,

- * Improve your user skill sets
- * Identify new functionality to improve business processes

For everyone, the symposium is an opportunity to,

- * Network with other World users
- * Discuss your specific World implementation with World functional and technical experts

Day One:
